

TABBERT

MODEL YEAR 2026

ROOM FOR HIGH STANDARDS – ON THE MOVE, AT HOME

TABBERT stands for a special kind of caravanning – characterised by perfect craftsmanship, the highest quality materials and a design that transcends trends. Our model range combines traditional values with state-of-the-art equipment to create places of tranquillity, comfort and style. Travelling with TABBERT means enjoying excellence at every level – in every detail, every moment.

Immerse yourself in the world of TABBERT – where every journey leads not just to a destination, but to a lasting sense of home.

All the best,
Your TABBERT Team

1953

At the age of 45 caravanning pioneer Alfred Tabbert produced his first caravans with 120 employees. Only two years later the first »Ideal« caravan is produced in series.

1959

Alfred Tabbert founds TABBERT Wohnwagen GmbH. Now, for the first time, innovative, high-quality caravans are built at the Mottgers site.

A MOVING STORY

When master coachbuilder Alfred Tabbert presented his first caravan to the public in 1953, he struck a chord with an entire generation. The post-war economic boom brought elegance, chic and a new self-confidence, which TABBERT skilfully expressed in its exterior and interior designs. People wanted to – and could – afford to indulge themselves. “La Dolce Vita” captured the hearts of an entire nation. Europe wanted to travel and live life to the fullest. TABBERT created the products for this, which are reflected in a unique mix of materials, lifestyle interiors, high-quality workmanship and practical design solutions. And so it remains today.

1963

TABBERT caravans get the legendary rear-ventilated roof and the so-called »TABBERT nose« that still characterises the TABBERT style today.

1971

Until 1965 the product portfolio continuously increased up to 14 different models: »Kurfürst«, »Exzellenz«, »Comtesse« and »Gouverneur« capture the industry, so that Alfred Tabbert becomes top of the German manufacturers in 1971.

THERE ARE MANY REASONS TO CHOOSE TABBERT

A great deal has changed since Alfred Tabbert began producing the first TABBERT caravans by hand more than 70 years ago. To this day, the vehicles continue to benefit from his eye for quality, attention to detail, enthusiasm for new technologies and deep understanding of craftsmanship as a furniture maker.

DESIGN FOR LIFE

The captivating charisma of a TABBERT is determined through creative ability, precision craftsmanship, and a distinct sense for design that's timeless.

SAFETY FROM A TO Z

All TABBERT caravans are equipped with standard technical features that contribute to safety both during the trip as well as at the holiday destination.

FEEL-GOOD CLIMATE

With diverse and unique solutions in the areas of construction, technology and furniture construction, TABBERT ensures a pleasant room climate at all times.

INNOVATION AS A PRINCIPLE

Pioneering spirit is part of our DNA – always one step ahead. TABBERT has been setting standards continuously for over 70 years.

TRADITION WITH ZEITGEIST

While living trends, furniture construction and technology change, TABBERT remains committed to the founder's standards for his vehicles: Timeless masterpieces.

LONGEVITY ACROSS GENERATIONS

High-quality materials, state-of-the-art production techniques, and conscientious quality processes make a significant contribution to the lasting value of our caravans.

QUALITY IS REWARDED!

TABBERT is starting the new model year with numerous awards and will once again convince with its proven quality and fresh innovative spirit.

DESIGN FOR LIFE

DESIGN IS MORE THAN JUST APPEARANCE

In a TABBERT, style and functionality enter into an extraordinary symbiosis. The TABBERT fleet shows what it's made of from afar: first-class craftsmanship allies with ambitious design standards to create a unique and unmistakable design for interior and exterior: Automotive, striking and self-confident. A shining example is the innovative TABBERT multi-LED combination taillight. It not only picks up the TABBERT curve as a design element: in addition, it has set a new industry standard with its wiping indicators, homogeneous light diffusion and innovative failure sensor technology.

INNOVATION AS A PRINCIPLE

TABBERT MEANS INNOVATION

Innovations and new technologies are the order of the day at TABBERT. One impressive example is the TABBERT roof, which boasts a number of important advantages. Probably the most remarkable is the enormous sound insulation. The difference between a normal, sandwich-pressed standard roof and the unique TABBERT construction is not just the solid stability.

With every rain or hail shower, the noise reduction is up to 9 decibels or more, which is about one and a half times quieter. This means that you can continue to sleep virtually undisturbed during a night-time downpour. And this is one of many examples of why experienced campers favour a TABBERT.

TRADITION WITH ZEITGEIST

A FARSIGHTED PIONEER

The harmony of innovative spirit and traditional values points the way to the mobile future and probably makes TABBERT the undisputed quality leader in the industry. Because TABBERT is still a manufacture in the truest sense of the word. On site, sawing, planing and many further work steps are done by hand with great attention to detail. Skilled experts lay pipes, cables and hoses and assemble each part with a sure grip in an effort to create another masterpiece. This is how those incomparable TABBERT caravans are created that are respected by the competition and loved by their owners.

FEEL-GOOD CLIMATE

HIGHLY RECOMMENDED AT ANY TIME OF THE YEAR

Clear winter nights or bright sunshine? Holidays with a caravan are truly diverse and your TABBERT provides a pleasant indoor climate at any temperature. Thanks to the excellent insulation of the caravan body and the innovative air-conditioning technology, your TABBERT awaits you with cosy warmth in winter and keeps the interior cool longer on warm summer days.

SAFETY FROM A TO Z

TECHNOLOGY YOU CAN RELY ON

Safety has many faces. At TABBERT we know all of them. Experience incomparable driving safety with anti-sway coupling and anti-skid system. Rely on the fact that everything stays in its place with our well-founded storage solutions and relax on the campsite thanks to the certainty that your TABBERT is definitely right where you need it!

LONGEVITY ACROSS GENERATIONS

SHAKEN FOR 10,000 KM – BUT NOTHING HAS MOVED

To ensure that you enjoy your TABBERT for a long time, we place the highest demands on materials and craftsmanship. This was just as true in the past as it is today. Because a TABBERT lasts a lifetime. We work on this with selected and most demanding test procedures and simulations. We deliberately choose the most difficult road surfaces, the longest routes and circuits in order to test our vehicles even under the most adverse circumstances and demanding travel conditions. You can rely on that – for over 70 years and for the most beautiful moments in life.

It's time to stop dreaming of your perfect holiday and start living your dream. Welcome to the TABBERT CAZADORA that turns every destination into an experience and every moment into an unforgettable chapter in your life. Discover the perfect blend of genuine luxury and innovative elegance: CAZADORA is the epitome of outstanding performance and your personal TABBERT lifestyle – wherever your journey takes you.

CAZADORA

The comfortable, multifunctional seating area, with multi-layered LayerTec upholstery makes for a cosy lounge. **CAZADORA 490 TD 2,3**

Elegant and resistant: robust worktops with HPL coating, high-quality three-burner hob with a sturdy grille and a deep sink combine function and luxury. **CAZADORA 490 TD 2,3**

Easily accessible from outside and inside: practical storage solutions under the bed. **CAZADORA 490 TD 2,3**

WHERE EVERYTHING REVOLVES AROUND LUXURY LIVING

Every aspect of the interior – from the carefully selected range of materials in warm wood tones with bright accents, to hand-crafted wall panels in the exclusive TABBERT diamond design – exemplifies genuine attention to detail and aesthetic sophistication.

Make the most of the inviting meeting point at the heart of your CAZADORA, where you can linger and enjoy spending time together. Personalise your space with a unique photo wall, bathed in gentle ambient light, and create a place that showcases every memory.

The luxurious EvoPore HRC mattresses are masterpieces of sleeping comfort, transforming every night into a restful dream time with their superior support and durability. **CAZADORA 490 TD 2,3**

EFFICIENCY AND ELEGANCE EXPERTLY COMBINED

A sleeping area that makes dreams come true thanks to well-designed features and luxurious mattresses. Get a great night's sleep and start the day feeling rested and energised. With our EvoPore HRC mattresses and slatted bed frame made of solid wood.

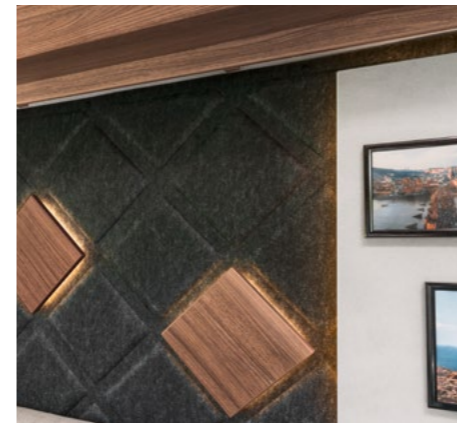

Every element in the bathroom is designed to combine optimum use of space and sophisticated design. Discover our innovative shower concepts and hygiene solutions and transform your daily routine into a truly refreshing experience.

Carefully positioned lighting modules and a range of surface finishes create an atmosphere of practical elegance, even in the bathroom. **CAZADORA 490 TD 2,3**

ACCESSORIES

A range of design highlights, optional packages and extras let you customise the CAZADORA to suit your personal needs – from standard features like the Trailer Control anti-skid system for enhanced driving safety and the backlit, customisable photo wall, to a wide selection of multimedia options.

Exclusive handcrafted wall panels in the signature TABBERT diamond design, complete with ambient lighting accents, are optionally available in place of the standard window above the dinette.

An up to 24" SMART TV and LTE & Wi-Fi aerial keep you entertained while on holiday.

The beds are also optionally available with flexible disc spring slatted frames and WaterGEL mattresses.

You've never been this close to seventh heaven! With its innovative interior design, the PUCCINI is the pioneer of a newly defined feel-good premium class. Thanks to its extraordinary lighting concept as a defining stylistic element and the brilliant exterior design, the star in the caravanning sky presents itself as an icon for exclusive comfort and stylish living design. A shining example in the premium segment.

PUCCINI

Indirectly illuminated wall units and drawers and the surrounding ambient lighting provide a successful contrast to the radiant light canopy at the door. **PUCCHINI 550 E 2,5**

PUCCHINI 550 E 2,5

PUCCHINI 550 E 2,5

The cleverly arranged ensemble with three-burner cooker and sink in front of an acrylic glass panelling in PUCCHINI signature design is a real feast for the eyes. **PUCCHINI 550 E 2,5**

A STAR AMONGST STARS

Arrive and feel at home. The skilful use of light as a design instrument gives the PUCCHINI a breathtaking atmosphere. Above the elegant U-shaped seating area, a panoramic view opens up through the extensive panoramic window in the rear. Intelligently placed surfaces for a wine glass, mobile phone or reading material and an adjustable lift table provide comfort and room to move. A standard underfloor heating system is concealed under the high-quality slate-look floor.

PUCCINI 550 E 2,5

LIGHTING

The extravagant light canopy at the entrance door of the PUCCINI merges seamlessly with a glossy black refrigerator whose door can be opened from both sides. The furniture flap, which is located under the ceiling, conceals a swivel arm for a television, which is thus visible from the living and sleeping areas. Underneath the slightly illuminated shelf, an apothecary drawer with soft-close mechanism offers a surprising amount of space.

The bedside lockers behind the head ends of the beds offer additional storage space, adjustable reading spots, and additional power connections.

ILLUMINATING IDEAS FOR DAY AND NIGHT

Like little diamonds, the LED lamps run through the protruding mirror cabinet in the spacious bathroom of the PUCCINI, which not only provides soft lighting but also has a lot to offer in terms of storage space.

The sleeping area offers you space to unfold: exceptionally wide comfort beds, extra reading spots, the standard underfloor heating and a backlit mirror create a cosy atmosphere. With the help of the roll-up slats, you can connect the two single beds to form a double bed within seconds.
